

## IMPERIAL COACHES LIMITED

### Environmental Policy

Imperial Coaches Limited provides high quality private and contract hire of Public Service Vehicles to our clients using our wholly owned fleet of modern vehicles. We maintain and service our vehicles to the highest standards in compliance with all pertinent legal regulation and standards.

Imperial Coaches Limited operates its services under our Environmental Management system and processes developed to meet the requirements of ISO14001:2015.

Imperial Coaches Limited Environmental Management System includes actions and activities specifically designed and intended to minimise the impact of our activities on the environment, reduce pollution, protect the environment and exceed the requirements of pertinent legislation.

Imperial Coaches Limited demonstrates commitment to the environment through the adoption, implementation and measurement of our published environmental objectives and KPI's which we review regularly.

Imperial Coaches Limited are committed to meeting and/or exceeding all applicable legislation and customer requirements in the delivery of the services.

Our management system includes processes designed to provide continual improvement of our services to meet the developing needs of our clients and the relevant legislation.
